1.1.127
a Lesson in the University of The New Covenant
Theodore Cottingham, November 2, 2003 about 4am.
Written in Buenos Aires, Argentina
www.unc.bz

1. Never tire of telling people about Argentina and what I am doing here. Never tire of telling them about My generals of intercession here and what you have learned during these 10 days. Never tire of telling them the strategies they have used, and are using, and will refine to reach My cities and nations with the message of Me and My love and My grace and power and glory—and My message of de-destituting My body, and all I have told you thus far, and all I will give you yet, of Me and My heart and My ways and methods and values, and all that I am and all that I have for those that will trust Me, and open to Me in the new things I am doing.

2. Great trust, significant action, cataclysmic changes come at light speed that will open people to Me acceleratedly, acceleratedly, accelerating their openness to Me, for I will touch things untouchable and reconcile the irreconcilable and repair the breaks between banks of peoples and parties thought rival-increasing forever.

3. Value systems of Me will appear and pop up out of nowhere, reflecting Me in hearts of trust and willingness and obedience. Never tire of sharing the words I have given you while in Argentina this trip, your first trip of many, many trips, for a resident of Argentina you will become, at times, for periods, for Me to perfect the categories and strategies and transformation methods I am using to resurrect those dead in Me—those thought dead in Me—and those who have sought Me so diligently in the wrong places, and in means that I am not found in.

4. The Sauls I turn to Pauls.
The things I now do astound the living, the living-dead. Watch Me, watch Me, watch.

5. The prayers you prayed tonight, tonight, tonight on your knees I have heard and answered and you will see and feel and reflect the granting of your requests to Me. And write much, significantly, extensively, of what you learn through My Mine in Argentina and the men and women you talked to Me about.

6. Synergizing you I am with generals who know what intercession is and are not afraid to step out in paradigms of power that break with tradition boldly, and believe Me for timidity-smashing power, and care only for Me—enough to withstand religious forces of control and constriction.

7. Oh Ted, worship, worship Me like you have wanted to do for so long—leading thousands in worship, and knee-bending, heart-surrendering infusions of My value system will come and transform in the generation and generations that will lead, and continue to lead and influence the significant diffusion of the new things I am doing in the marketplace, the ministry of ministry, the ministry of Me—into My Mine—at every level of society and every level of government and lack thereof. Watch Me, watch Me,

watch Me sweep My hand into realms thought untouchable, and laugh at the religious who want Me not, but want their systems of control and power-personal for themselves, rather than conduit-ing Me to My Mine.

8. Watch Me pass them by—of most every label, while I move in those of every label, who will possess Me as I move in power and prowess—visioning and arising and awakening them to My big adventure.

9. You are on the right track with your school foundation, for I connected you with many, but few especially, who can grasp and propel and let Me use them to in the furtherance of My purposes.

10. Grand schemes, methods and methodologies of Me, oh Ted, just begun. So much change, so much change.

11. Oh Ted, Peter Wagner is of Me—and Cindy Jacobs, and Ed [Silvoso] and the men and women you talked to Me about. So many are on that list you know nothing about, but will, will, will, and write you will about them, extensively, writing about Me and their tenderness and humility and arrogance-free presentation of Me as I move in My body to relationship My body in networks of power and prowess and progress of Me and My kingdom, to reflect Me in My Mine, and prepare, prepare, prepared be for cataclysmic change.

12. Thank you for coming to Argentina to see, to feel, and to become—as you heard, heard, and heard what I am doing and how I have only begun in this nation to reach it and other nations utilizing technology and unity and boldness for Me, in ways shunned by traditional locals in most places of most countries complacent and stagnated.

13. The hungry are being filled. Leadership arises, and leadership-freeing leadership, first and foremost of Me—who will free the intercessors of leadership for My leaders to free intercessors for the intercession of My will to be done in leaders all—of every government everywhere.

14. Oh wait and see the joys I have reserved for you, and all who have paid the price to know Me like you do, who will grow and extend My hand, seeking no power but Mine, seeking no acclaim but Mine, seeking only to please Me.

15. Scataglini is of Me, and his book tell of many [1]. These resources put into your hand on this trip, flourish and expand and extend with letting others know of their importance, and use to extend and arise and abound My people.

16. Never tire of telling of Argentina and the general intercession strategies I use and will refine and permeate into commonplace prayers of My common, My common, My common—My royalty.

17. Assemble, assemble, assemble pastors and groups many, in every country you go in who will listen and assemble for power to be unleashed and eyes opened and technology used to refine what networks mean.

18. I am reclaiming vocabularly words of My choosing that heretofore have denoted things not inclusive of Me—watch Me, watch Me, watch Me affect, influence, and reclaim language for Me.

19. Thank you for getting up to write this in the wee hours, and letting Me take your pen and teach and instruct you, and all who will come into your words to be freed and arisen and confidenced and significanced, and travel to and fro, back and forth, freely, so unrestricted, in My big adventure—My design being realized so fully in their lives.

20. Pen in hand, pens in all hands, digitally recording Me and My transactions of My heart upon the tablets of My people—common—royalty-ized—and moving in power, de-religious-izing My hearts to come to Me and sit at My table.

21. [Johannes] Erasmus—much friendship—great power. South Africa and Maui—go often—great power and prowess of acceptance of Me, and you presenting and sharing Me. Teams of South Africans reflecting Me—just begun—only begun. Watch Me, watch Me, watch Me.

22. The religious offended.
The open—embraced.
The remnant—exploded in power and progress and power, in levels of respect in Me, for Me, for each other, pursuing projects of Me, of such great love.

23. Never tire of telling people of Argentina and the way I am moving now to relationship My people of strength, who will constrict Me not, intellectually deciding to constrict Me not, receiving Me in My fullness, all who will.

24. De-poverty-izing I am, in presence visible. Watch Me significance My Mine.

25. Thank you, arise, go to sleep, refreshed be, and resume My work for Me at sunrise—Sonrise, Sonrise, Sonrise Ted, all over My globe, My earth, My creation in and on My creation. Arise, significance after confidencing. Go play, enjoy My big world and take, bring, enjoy all who will come with you.

I thank you.

26. I thank you for coming to Argentina. I thank you for believing Me. I thank you for arising My people. I thank you for wanting to be with My generals of intercession who know what intercession is. Afraid of them, afraid of Me—never be. You are you. I have given you what you have asked for.

27. No lack.
All provision.

All awaiting you upon your return.

28. Do what is in your heart.
Do what Ed Silvoso said.
Assemble and present and never tire of telling of Me in Mine in Argentina—unifying continents for Me, breaking favor strong over cities and nations and utilizing technology in unrestricted unconstricting love, in power, for Me. I love you. I thank you. Rest. Many miles ahead and hours and hours of presentation of Me to Mine.

29. Computers come, projectors come, networks come, web readies in the hearts of technical giants who continue to reach into Me to see Me in these words, looking for their freedom and fullness, hoping I am in them, so they can be in them, and Ted, they are.

30. Arise, set free, and hold on to them not, for many come to help you significantly for ever short periods of time—but embracing My freedom fully in fullness, expeditiously.

31. River be, and bedrock rely on.
River be.
Arise, Sonrise today.
Assemble and arise My Son in My Mine—for Me, for Me, for Me, and well pleased I will be. Well pleased I am. I thank you for coming to Argentina.

32. Thank you for taking Argentina all over My world. I thank you. Thank you. I thank you.
